Open to remote roles worldwide and relocation within the Middle East

PROFESSIONAL SUMMARY

Bilingual International Business graduate (First Class Honours), raised and educated across Kuwait, Lebanon and Spain, and equally comfortable operating in Arabic and English business environments. Led business development at an AI automation agency serving SMEs across Europe, running outbound from first cold call through to close while also delivering the client builds. Suited to roles that sit between selling and building - business development, AI implementation and client-facing delivery.

KEY SKILLS

Business Development: Lead generation and qualification · Cold calling and outbound sequencing · Sales scripting and objection handling · Market research and account segmentation · Client onboarding and needs discovery · Team management

AI and Automation: AI-assisted product development (Cursor, Claude, Replit, Expo, Vercel) · LLM API integration (OpenAI) · Prompt engineering · Workflow and process automation for SMEs · Document parsing and data extraction · WhatsApp Business API · AI image generation for marketing creative

Technical Delivery: Next.js and React Native · Supabase and PostgreSQL · Requirements scoping and end-to-end delivery · Web development and SEO setup · Deployment (Vercel)

Data and Reporting: Microsoft Excel (pivot tables, lookups, segmentation and list building) · SQL queries against PostgreSQL for product and funnel analytics · KPI definition and tracking · Database sourcing and enrichment · CRM systems

Languages: English (fluent) · Arabic (native) · Spanish (basic)

PROFESSIONAL EXPERIENCE

Co-Founder and Head of Business Development | NexLifa

Barcelona, Spain | September 2024 - November 2025

- Co-founded an AI automation, custom tooling and web development agency serving small and medium-sized businesses across Europe, and built the brand and social presence from launch.
- Closed the first two clients within three weeks of launch, generating EUR 4,500 in upfront fees plus recurring monthly revenue.
- Recruited and managed a two-person outbound calling team, running outreach alongside them at 60 to 70 calls per person per day.
- Wrote the outbound call script and objection-handling framework used across all outreach, and qualified and segmented target accounts by company size, revenue and geography.
- Delivered client automation with measurable results: a document extraction and matching tool that saved an energy client roughly 89 hours per month, a vehicle listing analyser that cut review time from 10 minutes to 15 seconds, and an invoice generator that cut invoice creation from 7 minutes to 1.
- Built and shipped client websites with full SEO setup on one to three day turnarounds, including mscpremierproperties.co.uk, ddcolor.al and hazven.com.

Research Intern | SMARTENTITY Technologies and Consultancy

Hybrid | May 2023 - August 2023

- Sourced international suppliers and obtained FOB pricing for factory-scale machinery, comparing cost and quality across regions to inform a manufacturing investment decision.
- Produced sourcing research across multiple ventures, recommending the strongest supplier countries by product category.
- Represented the company at ISE Barcelona, meeting distribution partners and attending client meetings alongside the founder.

PROJECTS

- Independent builds: design and ship full-stack prototypes end to end using AI-assisted development - scoping, interface, backend and deployment. Recent examples include Mazad, a bilingual auction marketplace for Lebanon with live bidding and browsing, and Zakr, a WhatsApp-based note-taking and memory assistant. Video walkthroughs and live demos at workspace-gules-xi.vercel.app

EDUCATION

BA (Hons) International Business, First Class Honours

University of Derby, delivered at EU Business School, Barcelona | Graduated January 2026

- Business consultancy project: diagnosed a revenue shortfall for a consumer brand and delivered a growth strategy built on community development and a KPI tracking framework.

British School of Kuwait - Head Prefect and Class Representative | Brummana High School, Lebanon
